Venessa- certainly if you have time you can report out if needed to your current team! We can also update Jeff at the weekly manager meeting or before.

Thanks Venessa! I would like to hear more about AltEn, maybe when we have our RA team meeting? Wait, will you be there? It's next Tuesday the 7th...you start your detail on Monday, right? I guess Randy can tell us about it.

Good luck on your detail!!

Subject: Weekly Check-in 5.31.2022

Sorry for the delay in the weekly check-in but I haven't been at my computer.

ASB

Mike – this is my last week in ASB until October 6th, and here is what's going on.....

On Tuesday/Wednesday, we had a site visit to AltEn and a meeting with NDEE to discuss progress at the site. If you want a more detailed report out on AltEn, let me know – it was interesting. I'm assuming that I will keep AltEn when I am in water, but let me know if I need to hand this over to Cathy.
